### Organization To Be the Watchword of Leaders.

Washington, May 19.—Republican managers are preparing for the most intensive and aggressive campaign this fail that they have conducted since 1898. Organization will be the watchword. Every phase of the fight will be provided for adequately and every separate committee will have a special field to work in.

Members of the national committee and United States senators not members of that committee will form a special committee to conduct the senatorial contests. This will be a new departure. It springs from the defeat of Republican senatorial tickets in the election of 1914 in which there was no special organization to look after the interests particularly of candidates for the senate.

Rep. Thomas W. Miller of Delaware is secretary and former Senator ware is secretary and former Senator Nathan B. Scott of West Virginia, now of Washington, treasurer. Sub-committees have been appoint-ed with chairmen as follows:

This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, billous, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Advertisement.

No Frats at Barnard College.

New York, May 19—Only thirty girls of Barnard college favor college fraternities. In a vote today on restoring fraternities to undergraduate life on Morningside, the fraternities were abolished, but a majority of 54 decided some new form of social organization should be established.

The BOOST TAXES

To Get It From Incomes, Inheritances and Munitions

Washington, May 19.—Members of the house ways and means committee were getting ready today to frame a bill to provide about \$150,000,000 additional revenue for the fiscal year ending June 30, 1917, by taxing incomes, inheritances and munitions. The amount needed, as reported by Secretary McAdoo, is \$75,000,000 less than even conservative members of congress calculated would be required.
